Welcome ◆ Bienvenido

◆ Who should attend this conference?

Attendees at the FCLB's Diamond Jubilee will find a mixture of board and agency members, executive directors, administrators and staff, as well as experts in regulatory law from throughout the United States, Canada, Australia and Mexico. Representatives from the offices of the attorneys general are especially encouraged to participate.

A variety of plenary sessions and small group discussions provide opportunities for learning as well as sharing among attendees. The Federation feels strongly that each attendee is also a teacher, both in the conference setting and once people return home.

The agenda also includes interactive workshops and free time for informal networking among other attendees.
