SPECIAL INTERESTS

As Chairman of the NM Chiropractic Board I spent a great deal of time preparing and conducting Rules Changes Hearings to clean up the language and modernize the NM Rules. I also spent a good amount of time upgrading the procedures for approving CE for our NM DCs. Under my leadership we partnered with FCLB to take advantage of the PACE program.

Civically, I have been very active in politics and the legislative process in NM. I have been the Chair of the Legislative Committee for the ANMC for the past 5 years. When necessary I have traveled to the capital to speak/testify for or against bills that would affect our profession. We are presently in the process of putting forth legislation to provide for temporary licensure to provide for travel to treat and travel to teach situations.
