

## SPECIAL PRESIDENTIAL RECOGNITION

Finally, I have one more Presidential Recognition award.

In an organization like the FCLB, there are a lot of moving parts. A lot of projects and personalities that need to be juggled and maintained. It takes a deft hand and a steady nerve; someone with the wisdom to keep us all on mission and the tact to make us think it's our idea – which of course it was.

The FCLB has been blessed with just such an individual, and it is with the greatest appreciation that I recognize him today.

So, thank you **Dr. Jon Schwartzbauer**. We are all so very grateful for your leadership and your service.
