

**NBCE BOARD ADMINISTRATOR SCHOLARSHIPS &  
DONNA LIEWER-COHEN GRANT  
APPLICATION**

The following information is requested for the purposes of the National Board of Chiropractic Examiners and the Federation of Chiropractic Licensing Boards to determine eligibility for a grant to assist in the participation of chiropractic board administrators at the spring national conference of the NBCE & FCLB.

About the Liewer-Cohen Grant

During Ms. Donna Liewer-Cohen's 24 years as Executive Director of the FCLB, she earned the George Arvidson Award for Meritorious Service, helped initiate numerous service programs including CIN-BAD, PACE, and CCCA, and served as a friend and guide to a generation of regulators.

In honor of Ms. Liewer-Cohen's service, the FCLB Board of Directors has chosen to assist an essential regulatory board administrator to attend the FCLB annual educational congress.

These scholarships provide up to \$2,500 in hotel, travel, and registration expenses. Board administrators provide invaluable support to regulatory board members, acting as advisor, historian, and facilitator in addition to keeping the board running.

Your responses to the questions below will aid the NBCE and FCLB in selecting eligible administrators to be sponsored for this meeting. Please be complete, but concise in your answers. If you need more space, please feel free to add additional sheets.

Please note:

- Only board administrators are eligible for this grant.
- This grant is non-transferable.
- No more than one grant may be awarded per board, per year.
- Preference will be given to administrators of current member boards.

Good luck!!
