

The George Arvidson Award for Meritorious Service to Chiropractic Regulation

The Arvidson Award is the highest award given by the FCLB.

This Award carries with it a long history of protecting the public with dedication, expertise, and integrity. Dr. Arvidson charged us all with protecting without bias – always focused on the well-being of the patients we serve.

This year's Arvidson Award winner is an incredible human being.

He has been a chiropractor for four decades, and a regulator for nearly 30 years.

He is a pure regulator who began his regulatory career in the testing arena. He has served as Overall in Charge of Testing since the inception of the title.

His depth of knowledge in the testing arena is unparalleled. Not only has he administered the exams, he has helped create them and train those who now administer the exams we rely on to protect the public.

He fights to constantly improve the one single standard that allows entry into our profession.

He has been a member of the Minnesota Board for many years, holding every job available.

He represents District II on the NBCE Board of Directors.

He has held every position from Chairman of the Board to Immediate Past President of the FCLB.

He is a pure regulator – not prejudiced by bias and only interested in the facts and protecting the public we serve.

He has contributed to progressive legislation in almost every state in the US and even abroad.

He is a regulator extraordinaire.

He is a gentleman and a scholar.

Ladies and gentlemen, please join me in congratulating the 2017 Arvidson Award Winner from the Great State of Minnesota:

Dr. LeRoy Otto
